

AT THE THEATERS

Rose Time and Shadows.

"I reckon it behooves us old fellows to make the most of what time is left us," says old man Farnum to his comrade "Grandpa" Allison. "We are all traveling in the same direction on the road of life, getting nearer and nearer to the sound of our final taps, and we ought to go out upon the road together, hand in hand, over the horizon." Therein lies the greatest sentiment of the ages—the secret of true friendship and loyal companionship. The quarrel of these two, old friendly civil war enemies is vividly told in the new play, "The Girl He Left Behind," which is coming to the Grand for two days commencing Wednesday, November 13, giving two shows daily at 2:30 and 8:15. The author of this play has sub-titled his work "A Tribute to American Womanhood," and well he might, for it is said to tell a story that vitally interests every mother, wife and sweetheart just at this time. It tells also the story of a flag—a service flag—with two stars, and one of them is a gold star—for "him"—over there.

North Bros. at the Majestic.

"Sport" and Genevieve (synonymous for North Bros.) are coming to the Majestic. In fact they have been expecting to come for quite awhile, but "flu," "the best laid plans of mice and men," etc.

For the first week the offering will be that sterling American play, "The Lion and the Mouse." Sport and Genevieve will tandem in the leading roles and some fairly tolerable traveling is promised by the runners up. "The Lion and the Mouse" is one of those virile plays that has enough backbone to suit the theater-goers of the present day. It combines the smashing rush of a forest fire with the gentle undercurrent of a love theme and it worked out harmoniously by that master play builder, Charles Klein.

The guarantee that the play will be well acted and have a proper scenic equipment goes always with the North Brothers' label. There is a lot of "bunk" peddled to theater-goers about old favorites and welcome home to every Tom, Dick and Susie that ever appeared on a local stage, but Sport and Genevieve are the simon pure articles and will get and deserve a welcome.

Musical Feature at Majestic.

The genuine African "Jazz Four" will furnish the music at the Majestic theater during North Brothers' engagement. These four bring to Topeka a real Jazz orchestra and with it all the latest hits of the day. The African Jazz Four have just returned from the Pacific coast where they were the hit of many seasons and will be heard in the latest selections at every performance given by North Brothers' stock company at the Majestic.

JOHN BARRYMORE
in "On the Quiet"
A Paramount Picture

John Barrymore in "On the Quiet" opens the Orpheum program Monday. The play is said to be one of the best comedy-dramas on the screen today. It is a laugh from start to finish. The famous actor is well enough known, the play is well enough written and acted to insure all Orpheum patrons a real treat.

With the Barrymore picture will be shown the official war review pictures, a couple of interesting reels of Y. M. C. A. work at home and abroad and the whole, the Orpheum Concert orchestra will deliver some pent up harmony.

At the Iris.

With the opening of the Iris, one of the biggest patriotic productions of the season will be shown to Topeka audiences, "Over the Top," the pictureization of the famous book of the same name; with the author, Sergt. Guy Empey as the star. This big Vitagraph play was scheduled to appear last month and owing to the magnitude of the offering, the Iris management made arrangements for the return of the film to open the Iris.

The United States government gave its endorsement of "Over the Top" and Empey by granting, thru the war department a special privilege to the Vitagraph company of filming the war scenes in the government trenches at Camp Wheeler, Macon, Ga. There the young Americans went thru the exact events and thrilling adventures as performed on the battlefield in France. "Over the Top" will be shown at the Iris for four days, beginning Monday, November 11.

At the Novelty.

The "Flu" has "Flown" and with its departure comes a most pleasing announcement, the opening of the Novelty theater. This will be good news for the show going people of this city as the Novelty is the only exclusive vaudeville house in Topeka and caters to the masses with its splendid bills of high class vaudeville. Manager Crawford, in connection with Mr. Hoffman, our Chicago booking representative, finds out that we are due for one of the best shows in the history of the Novelty. The Chicago of-

Scene from "The Girl He Left Behind" at Grand.

ice is in touch with hundreds of big time acts laying off in Kansas City and just "Hare'n to go." Kansas City, being so close to Topeka, will give us first call on a list of vaudeville features second to none in show business. The reopening will be long remembered by those who see the bill as the best seen at the Novelty in many seasons. The eleventh episode of "Fight for Millions" will also be on this program.

WATCH YOUR GARBAGE

Don't Waste It, Uncle Sam Needs It, Is the Warning.

"Garbage is valuable, don't waste it. Explosives, fertilizers, soaps, vital war necessities are being made from kitchen refuse. Clean garbage is also excellent food for hogs. Keep it free from broken crockery, glass, tin cans, sweepings and other house refuse. Use every ounce of food for human consumption, then make the garbage pail do its part."

This is a slogan of the United States food administration, which is printed on cards to be placed in stores and all public places.

Last June the campaign for garbage

utilization was instigated in order to reclaim valuable material which was being wasted. An eminent feature of the campaign is the idea of educating women to be careful to keep out broken glass, crockery and other substances which would ruin it for feeding to hogs or for reduction purposes. Where reduction plants are in operation the grease extracted may be used for soap or in making explosives. The material obtained from a ton of garbage would be sufficient for fourteen of the famous French 75 shell, or 190 twelve-ounce cakes of soap. Topeka could have furnished the grease for 2,716 shells last year.

But Commissioner Porter finally succeeded in making a contract with a company formed by H. L. Peppmeyer to utilize the garbage in feeding hogs and the grease has gone into hogs and then as pork to the soldiers in France. Two carloads of hogs left Topeka this week on their first jump to France. So be careful to keep the garbage clean and free from material which will spoil it for its all going to produce pork chops.

JOHN BARRYMORE in "On the Quiet"

Psst! It's a secret, but may be we'll let you in on it if you promise not to breathe it to a soul.

Bob Ridgway was one of those lovable harem-scarem scamps who was up to his neck in hot water every time he turned.

He went out of Yale a lot faster than he entered it and when he left he carried the best wishes of the faculty for a safe arrival in the Inferno.

Now! Here's the point. He had to finish that course at Yale to get the girl and the \$20,000,000 that went with her. That's where he had a job done "on the quiet."

What job?

Ah! Now you're asking too much. Come on down and see.
